

## Order Form

effective February 18, 2010

The structure kits below are now available to order. We are not accepting orders for kits & parts not listed on the current order form. Orders are filled in the order they are received. We are still filling a backlog of orders for Cruising Main Style 2 kits, so any order containing kits 811S, 812S, 813S, and/or 814S will likely experience a short delay as we fill orders ahead of yours. Orders may be placed by mailing this order form with payment to us at the address below. We will also be working with our dealers to restock their inventories. We are working on a new web site that will support online ordering and hope to have it in production soon.
